Two Year Science Matriculation Programme  
(Chem/Maths/Phys/Comp)

### Universiti Teknologi Mara

Degree in Science Computer (Hons.) in  
Netcentric Computing (2022-Now)

## WORK EXPERIENCE

### Kumon Instructors | 2018-2019

As a Kumon instructor, I gained extensive experience in providing personalized instruction and support to students of all ages and skill levels. I learned how to assess a student's current level of knowledge and tailor a learning plan to meet their unique needs and goals. I became proficient in teaching the Kumon method, which emphasizes mastery of fundamental skills and the gradual building of knowledge through repetition and practice. I honed my communication skills by effectively explaining complex concepts to students and their parents, and providing feedback on their progress. I also gained valuable leadership skills by managing a classroom of students and guiding them towards success. Overall, my experience as a Kumon instructor highlights my dedication to education, my ability to adapt to different learning styles, and my commitment to helping students achieve their full potential.
